

## FEDERAL BUREAU OF INVESTIGATION

Date of entry 12/16/2013

Christina Kolk, born [REDACTED], home address [REDACTED], [REDACTED], cellular phone number [REDACTED] was contacted at the Sheppard of the Hills Church on 12/13/2013 at approximately 3:00 p.m. After identifying the interviewing Task Force Officer (TFO) and the nature of the interview, Kolk provided the following information:

Kolk is employed as campus security for Arapahoe High School and has been so employed for about six years. Kolk knew the shooter in the incident today was Karl Pierson. She was positive it was him because she saw him in the library holding a rifle.

Kolk then talked about Pierson and what she knew about him. She remembered earlier in the year, Mr. Murphy approached her and the administration about his concern with Pierson. Mr. Murphy described a disagreement that took place between him and Pierson in the library. Murphy eventually told Pierson to leave and Pierson responded by stating he was going to kill Murphy. This upset and concerned Murphy which is why he brought it to the attention of campus security.

During another incident, Kolk remembered seeing Pierson in the school cafeteria one day a couple of months prior. She could see Pierson was on a personal portable computer and she could see he was looking at guns and scenes of mass shootings. Kolk approached Pierson about what he was doing and he stated he was just looking at guns. Kolk also knew that Pierson was kicked out of Ms. Lombardi's Spanish class the previous day. She did not think Pierson was suspended for this incident, but just made to leave class for the day.

Kolk described Karl as a senior at Arapahoe High School that everyone

knew was a loose cannon. He was very emotional and quick to anger. Kolk did not know of any friends he had at the school and did not think he had any sibling there. Kolk was unaware of any medication or special needs that Pierson had.

Kolk then recounted the events of this date. Kolk remembered at about lunch time on this date, she was in the cafeteria area where she heated her lunch and sat down in her office. She then heard gunshots. Kolk immediately ran toward the where she heard the gunshots, along with Cameron Rust. The sound was coming from the North hall and she ran to that area. Kolk thought she heard a total of about 7 gunshots. She saw students running from the class N13 and thought that was where the gunman was. She looked down the trophy hallway and she could see a cloud of smoke. She and Rust then approached the library. She looked in the library and saw a male she immediately recognized as Karl Pierson. Pierson was holding a dark colored rifle in both hands. Pierson saw her and turned his body and looked at her, keeping his rifle in both hands pointed in an upward angle. She told Rust, "There he is," and Rust called it out on the radio.

Rust then pulled Kolk back by her shirt and the two of them moved out of the way and down the hallway. They went down the center of the hallway yelling for all the classrooms to lock down, and to lock their doors and turn off their lights. They then went directly to the special needs classroom in the south hall and helped those children onto the ground. They locked that door and stayed with those children as Kolk called 911 and told operators what happened. Kolk later responded to the church where she waited to be interviewed.
